INTRODUCTION:

Welcome to Life Change! I'm Christian Psychiatrist Dr. Karl Benzio.

BODY:

Today, we celebrate liberty and freedom. We enjoy the freedom to vote, freedom of speech, and freedom of religion. But an ingrained quality God designed in us is the desire and need to worship something. Worshipping means making some object your lord or ruler, that dictates the “whats” and “whys” of your life. Bottom line: we really aren't free. Our freedom, though, is in the free will decision God gives us to choose which master we will worship. Choosing whether the world or God will be the force influencing our decisions is our biggest decision, and a freedom no one can ever take away.
